An integrated series of interactive curriculums targeted at Anti-Bullying, Safe Schools, and Decision Making

Preventing Sex & Dating Violence

What do you say and how do you counsel someone being stalked, in an abusive relationship, a victim of acquaintance rape, date rape, or any violent act?

This program was designed to provide you with the information to help you counsel your students, their friends and to protect yourself.

Through a series of interactive scenarios you will learn to:

- Recognize the warning signs
- Be instructed to know how and what to advise
- Be challenged to identify a healthy relationship
- Separate the myths vs. facts
- Meet actual victims of sexual violence
- Learn how to protect your students, friends and yourself.

The user will meet male and female student victims who talk about their experiences. Each scenario ends with a counselor who explains what to do and what not to do if you find yourself in a compromising situation.

Series partially funded by a GRANT from the Department of Justice and produced in Partnership with *Florida International University, FL.*
